(a) Velocity correction in the P–$V_\perp$ plane
$V_\perp$ (km s^{-1})
P (s)
Heliocentric
LSR-corrected
(b) Source-by-source comparison
median $V_{\rm LSR}/V_{\rm helio} = 1.00$
$N_\uparrow = 40$, $N_\downarrow = 37$
Increased after correction
Decreased after correction
$V_{\perp,\rm LSR}$ (km s^{-1})
$V_{\perp,\rm helio}$ (km s^{-1})
